

NOTE: The presence of a value for the claim / subclaim sentence indicates the claim is present in the article. We are using a NoSQL format, so if some fields are not present for some articles but are in others this is fine.

Field Name	Data Type	Description
articleId	INT	Internal unique identifier for the article (0 ... n) for now this should be to around 5000, or whatever the number of articles n is.
uri	STRING	A unique identifier for the article id (from EventRegistry)
title	STRING	Title or headline of the article
dateTime	STRING	Publication date and time (ISO 8601 format: YYYY-MM-DDThh:mm:ssZ) This should be the dateTimePub value as it's earlier, but if it's dateTime it should be okay as there's only a few second difference in most cases.
authors	STRING	Name of the article author
image	STRING	URL link to the article's image
body	STRING	Full article text e.g. the content in NewsAPI
source	STRING	Name of the source or publisher
url	STRING	URL link to the full article.
isDuplicate	BOOL	If the article is a duplicate.
bc_gw_not_happening_sentence	STRING	The sentence identified by the LLM that supports the broad claim 'Global Warming is Not Happening'
bc_not_caused_by_human_sentence	STRING	The sentence identified by the LLM that supports the broad claim 'Global Warming is Not Caused by Human Activity'
bc_impacts_not_bad_sentence	STRING	The sentence identified by the LLM that supports the broad claim 'Climate Impacts are Not Bad'
bc_solutions_wont_work_sentence	STRING	The sentence identified by the LLM that supports the broad claim 'Climate Solutions Won't Work'
bc_science_movement_unrel_sentence	STRING	The sentence identified by the LLM that supports the broad claim 'Climate Science/Movement is Unreliable'
bc_individual_action_sentence	STRING	The sentence identified by the LLM that supports the broad claim 'Climate Change should be addressed by individual action'
sc_cold_event_denial_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Using isolated cold weather events to deny warming'

sc_deny_extreme_weather_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Denying the increase in extreme weather events'
sc_deny_causal_extreme_weather_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Denying climate change as a causal factor in extreme weather'
sc_natural_variations_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Global warming is due to natural variations'
sc_past_climate_reference_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Global warming is natural by referring to past events'
sc_species_adapt_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Species can adapt to climate change'
sc_downplay_warming_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Downplaying the significance of a few degrees of warming'

sc_policies_negative_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Climate policies cause negative side effects'
sc_policies_ineffective_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Climate policies are ineffective'
sc_policies_difficult_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Addressing climate change is too difficult or impractical'
sc_low_support_policies_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Low public support for climate policies'
sc_clean_energy_unreliable_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Clean energy technologies are unreliable'
sc_climate_science_unrel_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Climate science is unreliable or invalid'
sc_no_consensus_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Lack of scientific consensus'

sc_movement_unreliable_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Climate movement is unreliable'
sc_hoax_conspiracy_sentence	STRING	The sentence identified by the LLM that supports the sub-claim 'Climate change is a deliberate hoax or conspiracy'
think_tank_ref_sentence	STRING	The sentence identified by the LLM that supports the identification of the think tank
